ORACLE EKUN SPOILERS #1

Ekun & His Helmet

Ekun's powers are spawned from his helmet, a family heirloom passed down generations holding African magic (juju) which connects the chosen ones with a well of spiritual powers; Agility, 6th sense ... The helmet also grants its bearer the ability to change form, right now the teenage boy imagination isn't past being a costumed hero like his idol Strike Guard thus his costume. He will grow.

Who's this Edo King with Johnny Cage Fist

At the end of this issue we realise an Edo king looking man has been setting things **KABOOM**, like SG the spirit within Dayo draws him to spirit beings. Who is this King? Well we have **NI000** that he's a villain & ekun is going to be spanked but there's only one way to be certain, # 2,

The teenage wild cat ... with grey hair

We would firstly love to announce the coming *digital trading cards* that show 4 major powers of each of our characters coming this **september**, that aside THE CAT Ekun has shown us his skill in battle against EKI, with the epic Dambe knock out, there is more Ekun has; the cumulative knowledge of all who have worn the mask, he literally maybe one of the most knowledgeable characters in the SPIRIT-VERSE

Afolabi Ayodeji - One Man Army

What we think about EKUN

Ekun reminds me of myself, confident, full of energy and most importantly has a love for danger, he also has a keen sense of humour that puts SG comedy career in the back seat, we are excited about #0 alongside the coming #1 as well

Creator Notes - Scrappy MO

Ekun is a project i've been working on for a long time, Ekun is every teenage boys story and it connects strongly still teaching values and providing illustrated entertainment i'm excited about Jagun Jagun, thats going to be a major project for us as well.
