## CHARACTER PROFILES

### FOLASHADE

Folashade is an orphan with two sisters, all in the same secret group they call Adura. She attends a white garment church in Orile Iganmu, Lagos. During the day she drives a maruwa with her cousin Morufu and works the night shift most times at Star Hotel. She is an introvert but rude and rarely trusts anyone. She is very skilled in hand to hand combat and gunslinging. Her weapon of choice is the holy Gun handed to her by WOLI AGBA. The black prophet who raised her and her sisters.

### BABS' TEE

Babatunde Tejuola Tochukwu was born into a poor family from Orile. His mom lbo from imo state and his dad an ljebu man. 'Babs Tee' his stage name, he dropped out from school against his mom's wishes to pursue his dreams to become one of the biggest pop stars in Nigeria. He is signed to IGBORO records and wants to blow up in the mainstream. He is a chronic womanizer which is probably the only challenge in his career.

### KARISHIKA

Karishika is a demon sent from the depths of hell to steal the souls and good graces of men by sleeping with them. She actually belongs to a cult of evil sisters. Sometimes she reveals her true form when she has a personal vendetta against the victim. She shapeshifts into the image of the most beautiful woman you will ever meet. She is dangerous and carries poisonous snakes like braids on her head.

### YORUBA ANGEL

Yoruba angel is a lesser heavenly being. The "angels" or malakhim, i.e. the "plain" angels, are the lowest order of the angels, and the most recognized. They are the ones most concerned with the affairs of living things. Within the category of the angels there are many different kinds, with different functions. The angels are sent as messengers to humanity. Personal guardian angels come from this class. Yoruba angel was assigned to folashade as they both have fights and arguments from time to time.
